ABOUT US

We care our nature.

Netchem Chemical Corporation was established in 2008 and has pioneered the sector by being the first manufacturer of aircraft chemicals and odor neutralizers in Turkey. With our expert staff, strong R&D team and many years of experience, we offer products for hospital hygiene, industrial chemicals, biotechnology and odor removal. With the slogan "**We care our nature**", we always support nature.

PEOPLE

We believe that the true assets of any organization are its people. We have a team of dedicated, passionate, skilled employees to supply the very best of products, service and technology available for our customers and partners.

SATISFACTION

Our definition "Our customer's satisfaction is our satisfaction" shapes us, and for fulfilling this promise, every working day we force ourselves to increase our standard of quality to meet the highest level of customer satisfaction and loyalty.

SOCIAL RESPONSIBILITY

We are aware that all communities contribute to our success and we embrace Social Responsibility as one of our core values. As being a Socially Responsible company, we are actively developing policies and practices that promote a positive and sustainable environmental and social contribution to all communities in which we operate.

PERSONAL HYGIENE

NCP-101

DEGREASER SOAP CONCENTRATED

PACKAGING:

20KG 30KG

It is a concentrated liquid skin cleansing product developed for people working in the industry. It easily cleans dirt such as oil, soot, grease and ink from hands. It always keeps the skin fresh and it has powerful skin moisturizer.

The dilution ratio is 1:4.

NCP-102

DEGREASER SOAP READY TO USE

PACKAGING:

20KG 30KG

It is a concentrated liquid skin cleansing product developed for people working in the industry. It easily cleans dirt such as oil, soot, grease and ink from hands. It always keeps the skin fresh and it has powerful skin moisturizer.

NCP-103

FOAM HAND SOAP

PACKAGING:

5KG 10KG 20KG

It has a pleasant scent and can be used at hospitals, hotels, restaurants, offices, institutions, etc.

By having moisturizers, your hands will always be soft and alive.

It is convenient and economical to use in dispensers.

NCP-104

LIQUID HAND SOAP

WHITE-BLUE OPTIONAL

PACKAGING:

10KG 30KG

It is a liquid skin cleansing agent containing cosmetic grade cleansers and moisturizers. It creates effective results in cleaning dirt and oil from hands.

It is economical and has a long-lasting pleasant scent.

NCP-105

LIQUID HAND SOAP ODORLESS AND COLORLESS

PACKAGING:

5KG 30KG

It is used for hand cleaning. It is suitable for use in homes and public areas such as factories, restaurants, hotels, hospitals, barracks.

GENERAL CLEANING

NCG-201

FLOOR AND SURFACE CLEANER CONCENTRATED

PACKAGING:

10KG 30KG

It is a concentrated general cleaning product suitable for general purpose use that provides a pleasant and long-lasting odor. It can be used on all water-resistant surfaces. It removes penetrated dirt/stains and does not require rinsing.

NCG-202

GENERAL CLEANING PRODUCT CHLORINATED, CONCENTRATED

PACKAGING:

5KG 10KG 20KG 30KG

It is used for the removal and general cleaning of difficult stains such as heavy oil, dirt, nicotine and blood on surfaces such as hard floors, marble, plastic, tiles, painted surfaces. It is a concentrated general cleaning product suitable for general purpose use that provides a pleasant and lasting odor. It provides economical cleaning due to its high concentration and chlorine content.

NCG-203

PERFUMED GENERAL CLEANER

PACKAGING:

5KG 10KG 20KG

It can be used as a polish care product on all polished surfaces with PVC, epoxy, crystallized polish. It is a concentrated general cleaning product suitable for general purpose use that provides a pleasant and long-lasting odor. It can be used on all water-resistant surfaces. It removes penetrated stains and does not require rinsing.

NCG-204

TOILET CLEANER CONCENTRATED

PACKAGING:

10KG 20KG 30KG

It is a concentrated product that cleans dirt, lime and all hard stains formed in bathrooms, sinks, toilet bowls and joints. It can also be used safely on rust and lime stains on metal surfaces. It prevents lime formation in daily regular use.

NCG-205

GEL TOILET CLEANER

PACKAGING:

1L

It is a professional cleaning agent that effectively dissolves lime and rust stains on sensitive surfaces such as faucets, sinks and shower cabins. Due to its dense formulation, it sticks to vertical surfaces and provides more effective cleaning. It prevents lime formation in regular use.

GENERAL CLEANING

NCG-208

LIME AND RUST REMOVER

It effectively dissolves the lime layers that causes blockage in the pipelines and spray tips and the lime formed on the inner surface of the machine.

PACKAGING:

1L

NCG-206

RUST REMOVER CONCENTRATED

It can be used safely on rust and lime stains on metal surfaces. It prevents lime formation in daily regular use.

Dilution Ratio 1:4

PACKAGING:

20KG

NCG-207

GLASS CLEANER

It is suitable for safe use on all kinds of surfaces. It can be used either in a spray bottle or by preparing the solution in a bucket. It leaves no residue on the applied surface due to its fast cleaning and evaporating properties.

PACKAGING:

10KG 30KG

NCG-209

PVC FLOOR POLISH

It is a polymer-based polish used for polishing PVC surfaces. It penetrates the surface and creates a hard high gloss surface.

PACKAGING:

5KG 10KG

NCG-210

MARBLE FLOOR POLISH

It is a crystallized marble polish used for polishing surfaces such as marble, travertine and stone tiles. It penetrates into the floor and creates a hard, scratch-free, highly glossy surface.

PACKAGING:

5KG 10KG

GENERAL CLEANING

NCG-211

ROOM PERFUME

It is used to remove odors and spread pleasant scents in offices, hotel rooms, common living spaces.

PACKAGING:

0.5L

NCG-212

HEAVY DIRT AND WAX REMOVER

It is a powerful dirt and polish remover. It is suitable for pre-wax cleaning on marble and PVC floors. It is used for all plastic surfaces, especially, suitable for cleaning discoloration on sun loungers.

PACKAGING:

5KG 20KG

NCG-213

HEAVY DUTY OIL REMOVER CONCENTRATED

Used for oven cleaning. Due to its strong surfactants, it is used to remove heavy oil from contaminated surfaces.

For an effective solution, it is recommended to be diluted with water at 55-60 ºC degrees and used.

PACKAGING:

10KG 30KG

NCG-214

PERFUMED BLEACH

It is a perfumed, liquid chlorine-based bleach used for bleaching white laundry, removing stains and providing effective cleaning.

PACKAGING:

5KG 30KG

NCG-215

PERFUME FREE BLEACH

It is a perfume free, liquid chlorine-based bleach used for bleaching white laundry, removing stains and providing effective cleaning.

PACKAGING:

5KG 30KG

GENERAL CLEANING

NCG-216

THICK PERFUME FREE BLEACH

PACKAGING:

5KG 30KG

It is a perfume free, liquid chlorine-based bleach used for bleaching white laundry, removing stains and providing effective cleaning.

NCG-217

FLOOR MACHINE CLEANER

PACKAGING:

23KG

Suitable for fat, oil, grease and stain removal on all kinds of surfaces. It can be used either in floor machines or manually. Its effect increases if diluted with hot water. It is used in factory and warehouse floor cleaning.

NCG-218

DUST COLLECTION PRODUCT

PACKAGING:

5KG 0,5L

Specially produced dust collecting product developed for daily cleaning and maintenance of surfaces. Since it does not contain acid or alkali, it collects dust and hair on the surface without spoiling and dulling the surfaces.

NCG-219

MACHINE CARPET SHAMPOO

PACKAGING:

10KG 20KG

It is suitable for carpet washing by industrial machines. Due to having special surfactants in its formula, it cleans deeply from the bottom to the surface, revitalizes the colors and provides brightness.

NCG-220

DRY FOAM CARPET SHAMPOO

PACKAGING:

5KG 10KG

It is used for cleaning all kinds of carpets, upholstery and fabric covered areas. It gives a long-lasting and pleasant scent with its special perfume. It leaves no residue on the applied textile surface.

KITCHEN HYGIENE

NCK-301

DISHWASHER DETERGENT

It is a dishwashing detergent that provides high performance in waters of different hardness. Suitable for machine use.

PACKAGING:

23KG

NCK-302

DISHWASHER RINSE AID

It is a rinsing aid for industrial type dishwashers. It provides easy drying of the dishes by reducing the adhesion of water. It increases the service life of the dishes by giving shine.

PACKAGING:

20KG

NCK-303

DISHWASHING MACHINE LIME REMOVER

It effectively dissolves the lime layers formed in industrial type dishwashers, the lime that causes blockage in the pipeline and spray tips and the lime formed on the inner surface of the machine.

PACKAGING:

10KG 20KG

NCK-304

HAND DISHWASHING DETERGENT

It is specially designed for hand-washed dishes. It removes hard stains such as frozen fat, food residues, starch and protein. It has a pleasant scent and high foam. It is easy to rinse and leaves no stains.

PACKAGING:

5KG 30KG

NCK-305

HAND DISHWASHING DETERGENT CONCENTRATED

It is specially designed for hand-washed dishes. It removes hard stains such as frozen fat, food residues, starch and protein. It has a pleasant scent and high foam. It is easy to rinse and leaves no stains.

PACKAGING:

5KG 20KG 30KG

NCK-306

STAINLESS STEEL AND METAL POLISHER

It is a product specially developed to remove dullness and to polish corroded silver, copper, brass and stainless steel in industrial and kitchen applications.

PACKAGING:

0,5L

NCK-307

FAT, OIL, GREASE REMOVER HOT SURFACE

It is used for cleaning hoods, tiles, machinery and equipment and for cleaning all washable surfaces. It is used for cleaning soot after fire. It is recommended to be diluted with hot water of 55-60 ºC degrees.

PACKAGING:

10KG 30KG

NCK-308

FAT, OIL, GREASE REMOVER COLD SURFACE

It is used for cleaning hoods, tiles, machinery and equipment and for cleaning all washable surfaces that can be washed with water. It is used for cleaning soot after fire.

PACKAGING:

10KG 30KG

NCK-309

DRAIN OPENER

It is used to open clogged drains and pipes. It easily unclogs blockages caused by organic dirt (oil, hair, paper diapers, pads, etc.) in water pipes and drains.

PACKAGING:

10KG

NCK-310

VEGETABLE AND FRUIT RINSE PRODUCT

It is a chlorine-based product with very strong bactericidal and fungicidal effect used in the food industry.

PACKAGING:

5KG 10KG

NCK-311

CARBOHYDRATE INSERTER

It is used for cleaning all washable metal and porcelain plates, food service, cookware, etc. by pre-dipping and cleaning residues such as tannin and starch.

PACKAGING:

10KG

LAUNDRY HYGIENE

NCW-401

POWDER LAUNDRY DETERGENT

It is suitable for use in all kinds of industrial washing machines. Its foam is controlled. It is used for washing cotton, synthetic, cotton synthetic blends and all kinds of fibrous textiles. It is suitable for use in soft, medium and hard water.

PACKAGING:

NCW-402

OIL, BLOOD, DIRT CLEANING POWDER DETERGENT

PACKAGING:

It is specially formulated for industrial automatic washing machines. Due to its powerful formula, it cleans even the most stubborn stains. It is specially designed to be effective against oil, dirt, blood and protein stains on colored and white colors. It provides perfect whiteness and cleanliness without the need to use additional whitener.

NCW-403

TEXTILE DEGREASER

PACKAGING:

It can be used for all fabric types. It allows you to get rid of all stains at once. It does not damage the texture of the laundry. It creates shine on your laundry. It can be used in all machines.

NCW-404

OXYGEN BASED BLEACHER

PACKAGING:

It is used for bleaching white and colored laundry together with the main washing agent. It provides safer cleaning than chlorine bleach for stain removal on colored laundry.

NCW-405

ENZYME POWDER DETERGENT

PACKAGING:

It is used on chef apron, tablecloths, hospital linens containing heavy stains. It is used for washing all kinds of textiles in colored and white.

TECHNICAL CHEMICALS

NCW-406

FABRIC SOFTENER

PACKAGING:

5KG 30KG

It is used to prevent the formation of static electricity on the laundry and the wear and tear that may occur in the tissues of the laundry as a result of continuous washing and friction. It can be used safely on all kinds of fabrics.

NCW-407

CHLORINE BLEACH

PACKAGING:

10KG

It is a stain removing powder specially formulated for commercial laundries, hotels, and hospitals. It can be used on all white laundry and a limited number of fixed color laundry.

NCT-501

CONCRETE AND MORTAR REMOVER

It dissolves concrete and mortar deposits. It is a high activity concentrated product used in the construction industry, transit mixer cleaning and cement industry.

PACKAGING:

20KG 30KG

NCT-502

ALKALINE AIR CONDITIONER COIL CLEANER

It cleans aluminum honeycombs and strainers from all kinds of dirt and deposits such as oil, soot, dust, etc. It ensures proper functioning of ventilation systems.

PACKAGING:

20KG 30KG

NCT-503

CARBON REMOVER

It is a powerful degreaser. It can be used mechanically or by spraying. It is suitable for use as foam where necessary. It is recommended to be diluted with hot water of 55-60 ºC degrees.

PACKAGING:

30KG

TECHNICAL CHEMICALS

NCT-506

INDUSTRIAL CLEANING SOLVENT

It is used for cleaning every type of metals. It can be either used manually or in washing machines. It prevents sudden corrosion on recently cleaned metals.

PACKAGING:

800KG

NCT-504

ANTI-LIME AND CORROSION

Forms an organic metal complex film and neutralizes corrosion and prevents rust.

PACKAGING:

30KG

NCT-505

SYSTEM SCALE REMOVER

It is a cleaner used against lime and corrosion in boilers and pipes in heating and cooling systems.

PACKAGING:

30KG

NCT-507

BRUSHLESS FOAM CAR WASH SHAMPOO

It is used in car washing. It is suitable for use in pressurized foam disposal tanks.

Dilution Ratio is 1:20 to 1:30.

PACKAGING:

20KG

NCT-508

BRUSHLESS FOAM CAR WASH SHAMPOO EXTRA

It is used in car washing. With its extra content, it is intended to be used on more sensitive surfaces compared to other products. It is suitable for use in pressurized foam disposal tanks.

Dilution Ratio is 1:20 to 1:30.

PACKAGING:

23KG

TECHNICAL CHEMICALS

NCT-509

BOARD CONTACTOR CLEANER SOLVENT

PACKAGING:

10KG 20KG 30KG

It quickly removes dust, dirt, oily film layers from electrical devices, electronic equipment, contactor heads. It is an ultra-pure and fast evaporating product. After cleaning the surfaces, it evaporates without leaving any residue.

NCT-510

METAL SURFACE PHOSPHATANT

PACKAGING:

20KG

It provides a phosphatized and clean surface on metal in order for sticking paint better on the surface.

NCK-306

STAINLESS STEEL AND METAL SURFACE POLISHER

PACKAGING:

0,5L

It is a product specially developed to remove dullness and to polish corroded silver, copper, brass and stainless steel in industrial and kitchen applications.

NCT-511

CIRCUIT BOARD CLEANER

PACKAGING:

10KG

It is used for cleaning the circuit boards in all machinery.

NCT-512

LIME AND CORROSION INHIBITOR

PACKAGING:

25KG

It forms an organic film on metals and protects them against corrosion.

TECHNICAL CHEMICALS

NCT-514

LEATHER CLEANER

It is used for cleaning and protecting leather surfaces. Due to its special formula, it nourishes the leather.

PACKAGING:

5KG

NCT-515

DRILLING FOAM

It is a special mixture of surfactants resulting in a high-performance drilling foam.

PACKAGING:

30KG

NCT-513

DE-ICING FLUID

It is used to melt and prevent snow and ice on the roads, bridges, tunnels, school yards, factory yards etc. It is not harmful for the asphalt grounds.

PACKAGING:

30KG

NCT-516

RUST PENETRATING FLUID

It is used to penetrate rust bonds that hold stuck parts together.

PACKAGING:

10KG 20KG 30KG

TECHNICAL CHEMICALS

NCT-517

GARBAGE TRUCK CLEANER

It is used to clean the back of the garbage trucks only. Because of the leaking water and residues from the garbage, the back of the truck needs to be cleaned regularly; otherwise, there will be odor and corrosion.

PACKAGING:

30KG

NCT-518

CHLORINE BASED GARBAGE BIN CLEANER

It is used to clean and neutralize odors on garbage bins. It also eliminates larva and flies due to its special chlorinated formula.

PACKAGING:

30KG

ODOR NEUTRALIZERS

NCT-519

ODOR NEUTRALIZER (NSF)

PACKAGING:

10KG 0,5L

It is sprayed to the sources of odors and ensures the elimination of the odors that have already occurred. It does not mask but it neutralizes the odor.

NCT-520

ODOR NEUTRALIZER (NSF 55)

PACKAGING:

10KG

It is sprayed to the sources of odors and ensures the elimination of the odors that have already occurred. It does not mask but it neutralizes the odor. It is suitable for use in lagoons and cesspools.

BIOTECHNOLOGICAL PRODUCTS

NCT-521

WASTE WATER TREATMENT BACTERIA

PACKAGING:

30KG

It is used in grease traps, waste water treatment facilities and sewer systems in order to reduce the biological wastes. It also provides odor control.

NCT-522

OIL AND ODOR ELIMINATOR BIOENZYME

PACKAGING:

30KG

It can be used for grease traps, drains, pre-collection ponds, and all infrastructure grease problems. Due to its strong bacterial population, it breaks down biological waste, which is a source of odor, and provides odor removal.
